Deb-
Have you and Doug discussed how you would like to handle the outreach requested by OECA on NPG for enforcement? I received the attached email template and NPG information from OECA last week.

Subject: Updated National Program Guidance Early Engagement Questions and assistance in communicating to states

Enforcement Division Directors - As you are aware, early engagement on EPA's 2020-2021 National Program Guidance (NPG) is starting soon, and we need your assistance in communicating to states and tribes an opportunity to provide early input.

On July 31, OECA's Assistant Administrator, Susan Bodine, sent an email to the Regional Administrators, the DRAs, and you, kicking off this process. Today, I wanted to provide you with two additional documents. First, a list of OECA's strategic measures and priorities, along with updated questions to help guide your conversations with state, tribal, and territory leaders. Second, to help ensure consistency across regions, OECA has developed a suggested email (first attached file) for Regions to send to each of your state and tribal contacts. The email you send to your state, tribal, and territorial contacts should include the list of questions (second attached file) for which OECA is seeking specific feedback.

Per OCFO's guidance, each Region is expected to submit a completed Summary of Early Engagement to OCFO and OCIR by November 14th. OECA has also invited the Regions to provide early input by October 26, 2018.

Thank you for your help, and please let me know if you have any questions.

John Dombrowski, P.E.
